PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented first-year Bachelor of Science in Information Technology student at Iloilo Science and Technology University (ISAT U). Building a strong foundation in core programming logic, algorithmic troubleshooting, web development fundamentals (HTML/CSS), and computer architecture. Eager to apply academic learnings, design skills, and technical adaptability to collegiate IT projects and entry-level tech opportunities in Iloilo City.

TECHNICAL SKILLS

- **Web Development:** HTML5, CSS3, Core Web Development Frameworks, Responsive Design Basics
- **Digital & Graphic Design:** Digital Sketching, Minimalist Line Art, Custom Color Blocking, ibisPaint X, Canva
- **Hardware & Systems:** Computer Architecture, Operating Systems (Windows, Linux), Basic Hardware Troubleshooting
- **Tools & Productivity:** VS Code, GitHub (Basics), Google Colab

ACADEMIC FOUNDATION & PROJECTS

BSIT First-Year Coursework & Practical Projects

Iloilo Science and Technology University (ISAT U) – La Paz, Iloilo City |
August 2026 – Present

- **Programming Logic & Syntax:** Developing structured programs and algorithmic solutions to solve logic-based programming challenges.
- **Core Web Development:** Constructing clean, responsive web pages and layout frameworks utilizing foundational HTML and CSS markup.
- **Computer Architecture & Troubleshooting:** Studying hardware components, digital logic, and system configurations to understand low-level computing environments.

EDUCATION

Bachelor of Science in Information Technology(BSIT)

Iloilo Science and Technology University(ISATU)-Main Campus, La Paz, Iloilo City | August 2026 – Present(*Freshman*)

- **Current Focus:** Software foundations, programming logic, web development frameworks, and basic computer architecture.

SKILLS & EXTRACURRICULAR ACTIVITIES

- **Digital Design & Creative Layouts:** Actively exploring structured logic controls, sequence operations, and troubleshooting computational problems.

- **Web Development & UI/UX Design Training Workshop:** Actively exploring structured logic controls, sequence operations, and troubleshooting computational problems.
